**Library Services**

**Last updated:** May 2018
**Membership**

All Sunnybrook staff, students, trainees, volunteers, etc. are encouraged to use the library and its services at all sites. Users can register to borrow materials and request services from the library by filling out a registration form with their staff I.D. at the Library Help Desk. All visitors are welcome to use resources in the library but borrowing privileges are limited to staff members and students with a valid Sunnybrook I.D. badge.

**Collection**

- The library has many books and journals, both print and electronic, and other e-Resources available to support the work, mission, and learning objectives at Sunnybrook Health Sciences Centre.
- Patient Education materials are also available for staff, patients, their families, and visitors to use within the library.
- The Orthotics and Prosthetics collection is jointly developed by Sunnybrook Library Services and George Brown College. Any items from this collection can be signed out by George Brown students during their time at Sunnybrook and may be used in-house by Sunnybrook staff and patients.

**Navigating the Collection**

- Search for print books, journals, A/V resources, and e-Books in the library catalogue ([Library Services > Book/AV Catalogue](#)) by selecting ‘Sunnybrook Health Sciences Centre’ in the ‘Library’ drop-down list.
- Locate e-Resources on the intranet ([Library Services > e-Resources/Databases](#))
- On the shelves, locate print journals alphabetically by title and print books by call number. **Current issues of print journals do not circulate.** Check our print and electronic journal holdings on the library intranet page ([Library Services > Journal Holdings List](#)).
- Reference materials are clearly marked and do not circulate.

**Services**

**Circulation**

- Books and DVDs circulate for three weeks. Non-current journals circulate for one week. For information about overdue items, contact the [Library Help Desk](416-480-4562).
- Requests to renew an item once per borrowing period may be made by phone, e-mail, or in person, provided that there are no holds placed on the item.

**Reproduction (Printing, Photocopying, and Scanning)**

Printing and photocopying are available in the library for $0.15 per page. Sunnybrook staff may scan to their e-mail for free. Residents may print and copy journal articles for their academic use for free as these costs are covered by the Medical Education Department. Please contact the [Library Help Desk](416-480-4562) for details.

**Literature Searching and Research Consultation**

Literature searches can be requested from the library. A reference interview may be conducted with the requestor to clarify search terms and strategy before the search is conducted. Complete an online search request form through the library intranet ([Library Services > Place an Order > Order a Literature Search](#)), e-mail your request to [library.requests@sunnybrook.ca](mailto:library.requests@sunnybrook.ca) (#SB, Library Requests), or complete a print search request form in the library. The first 10 general purpose searches per person, per year are conducted free of charge. There is a small fee for conducting systematic literature reviews. Costs for searches requested by Residents can be covered by the Medical Education Department.

**Training**

The library conducts Ovid, EBSCO, CINAHL, Internet/Intranet, and other training sessions. Customized group sessions, orientations, or one-on-one training on various databases and library research topics can be arranged by contacting the [Library Help Desk](416-480-4562).

**Reproduction**

- Printing and photocopying are available in the library for $0.15 per page. Sunnybrook staff may scan to their e-mail for free. Residents may print and copy journal articles for their academic use for free as these costs are covered by the Medical Education Department. Please contact the [Library Help Desk](416-480-4562) for details.

**Current Awareness**

We offer a free:

- Electronic **Table of Contents (TOC)** service which allows users to keep up to date with new content from journals of their choice.
- **Subject Monitoring Alerts** service which can be set up through Ovid and other databases to send notifications of new publications in your chosen topic(s).

Please contact the [Library Help Desk](416-480-4562) for details.

**Inter-library Loans**

Materials not available in our library can be borrowed from other libraries at a modest fee. Orders placed by Residents can be covered by the Medical Education Department. Request forms are available online through the library intranet page ([Library Services > Place an Order > Order a Book or Order an Article](#)) or at the Library Help Desk. Fill out the form with your information and the item details. Requests can also be made by e-mailing these details to [library.requests@sunnybrook.ca](mailto:library.requests@sunnybrook.ca) (#SB, Library Requests).

**Study Space and Computers**

The library offers a quiet and comfortable space for study and research. Tables, armchairs, and study carrels are available for use. There are also staff and patient computers accessible to users. Headphones are also available for purchase at the Help Desk for a nominal charge.

**University of Toronto**

U of T Libraries offers access to major bio-medical databases and a large number of full-text journals and e-Books. Access to these resources is restricted to members of the U of T Community (current U of T staff, students, and faculty). For off-campus access to U of T Libraries’ resources users will need a my.access account issued by U of T Libraries by presenting a faculty or student I.D. and U of T library card.
